

# Tizio Micro

Richard Sapper

IP20   

## LUMINAIRE \*

- Transformateur disponible : **Int?gr?**
- Watt: **2,7W**
- Tension: **220V-240V**
- Flux Lumineux (lm): **150lm**
- Efficiency: **48%**
- Efficacy: **75.22lm/W**
- CRI: **80**

\* Les données photométriques peuvent varier en fonction de la source installée.  
Les relevés photométriques sont fournis sous forme relative, et les calculs d'éclairage peuvent être mis à jour en fonction de la source réellement utilisée.

## Remarques

Button with two illumination intensities

## DESCRIPTION

Artemide celebrates Tizio's 50th anniversary with a special version in Richard Sapper's favorite red. Tizio is not only a masterpiece of Artemide collection but also an icon of Italian design. Designed 50 years ago, it is still absolutely contemporary also thanks to a new integrated LED source.

An elegant synthesis of intelligent components elaborated by Richard Sapper has created a timeless product.

*"When we presented it, there was nothing like it on the market, it was revolutionary. Tizio is beautiful in any different position, it is a harmonious object in all its parts, you move it with one hand and it is always extremely precise. It is not that we don't change anything over the years because we can't, we don't change anything because that's the way it is."*

Ernesto Gismondi, 2014

## CARACTÉRISTIQUES

- Code Produit : **A008100**
- Couleur: **Noir**
- Installation: **Table**
- Matériaux: **Aluminum**
- Séries: **Design Collection**
- Environnement: **Indoor**
- Type de projet: **Hospitalité, Bureaux, Résidentiels**
- Emission: **Directe orientable**
- dessiné par: **Richard Sapper**

## DIMENSIONS

- Longueur : **495 mm**
- Hauteur: **430 mm**
- Diamètre de la base: **90 mm**
- Hauteur max. extension: **760 mm**
- Longueur max. extension: **680 mm**
- Résistance à l'impact: **N/D**
- Test au fil incandescent: **N/D°**

## SOURCES NON FOURNIES

- Catégorie: **LED RETROFIT**
- Nombre: **1**
- Watt: **2,4W**
- Culot: **G4**
