

bentz

jeff miller | 2005

an impossible continuous line defines
an imposing and yet light form,
sculptural and yet functional

jm201.ro130
high round table

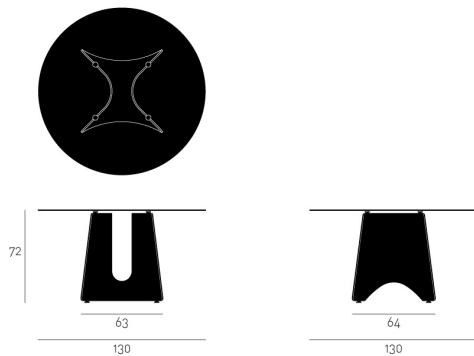

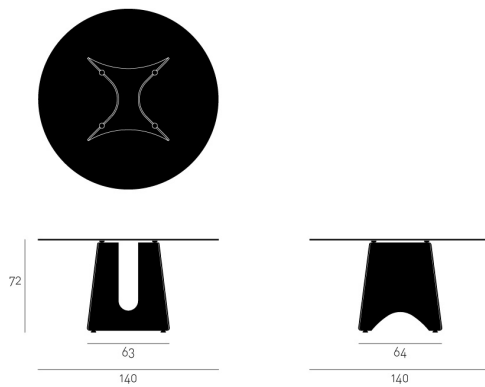

Table and coffee-table with base structure in aluminium casting and round, square, rectangular or elliptical 10mm tempered glass tops, firmly fastened to the structure through an innovative mechanical system. Bentz is available in two heights and in the finishes: polished or painted in white or black.

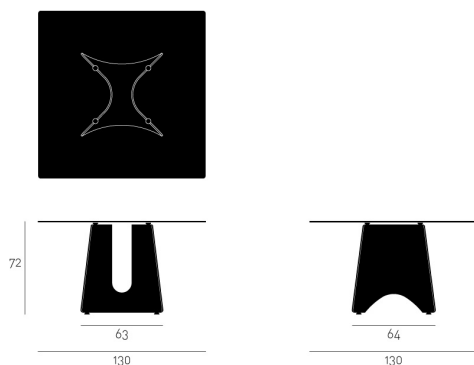

materials:
base: aluminium cast
top: tempered glass

finishes:
base: polished aluminium, black, white
