Esplicita ispirazione orientale per la famiglia di tavolini con vassoio, adatta per ambienti informali e multifunzionali. I tavolini riprendono lo stesso vassoio mobile del Fat Fat

e Lady Fat riproposto su un telaio in acciaio molto leggero, sottolineandone la componibilità in un tris. Disponibile anche il solo elemento vassoio nelle tre diverse dimensioni

Clear oriental inspiration for the collection of tables with tray and with frames also available in bright chromed version, designed for casual multipurpose environments. The small tables

resemble Fat Fat and Lady Fat's mobile tray, proposing it on a very light steel rod frame, stressing its three-piece modularity. Also available with a single tray in three sizes.
