CHAIRS

Antonio Citterio

Description

Armchair, sofa, a chair, even in the stackable version, offer a technological blend of extruded and die-cast aluminium elements. Their lightness and design suggest their use both in public and residential settings, complying with ergonomic and environmental adaptability criteria. The seat and back cushions ensure high comfort relaxation. The painted frames present three finishes that match the high resistance synthetic fabric interlacing that have been studied for outdoor use: white painted aluminium frame with tortora colour polypropylene fibre interlacing, tortora painted aluminium frame with tortora colour polypropylene fibre interlacing, anthracite painted aluminium frame with anthracite colour polypropylene fibre interlacing.

Technical informations
