

HIM & HER

design **Fabio Novembre**
2008

Chairs crafted from rotationally moulded polyethylene. Their shapes were created using a 3 dimensional scan of 2 plaster sculptures. Available in two different finishes: matt polyethylene, mass-dyed rotation molded and in polished polyethylene.

MATERIALS AND FINISHES

Matt or polished polyethylene.

Sedute in polietilene realizzate mediante stampaggio rotazionale. La loro forma deriva dalla scansione tridimensionale di due sculture in gesso. Disponibili in due finiture: polietilene opaco tinto in massa o polietilene verniciato lucido. La versione base, in polietilene opaco, può essere utilizzata anche all'esterno.

MATERIALI E FINITURE

Polietilene opaco o verniciato lucido.
