DESCRIPTION

The frame of this mirror consists of dozens of beveled oval mirror pieces. They are different in size because the border goes from wide to narrow. The size is middle big and very suitable to hang over a console or a chest of drawers. Due to the oval shape and the "frame" this mirror looks more classical. A fresh appearance and very versatile because of its neutral colour. Backing: All mirror parts are put on a black lacquered MDF support. All necessary suspension points are provided. Packing: The mirror is individually packed in solid cardboard.
