DS-80

Design: de Sede Design-Team

Das Daybed ist das konsequente Re-Design des bekannten de Sede Klassikers. Es hat nichts von seiner Faszination eingebüsst. Mit der aufwendigen Patchwork-Verarbeitung und den frei platzierbaren Rückenkissen sorgte es schon vor über 30 Jahren für Aufsehen. Für die Kollektion wurde das Modell sanft modernisiert. Es ist als Liege oder kleines Lounge-Sofa erhältlich.

This daybed is a logical and faithful re-design of the celebrated de Sede classic and has lost none of its fascination. Its extravagant patchwork covering together with back cushioning that can be positioned as required caused a sensation more than 30 years ago. The model has been only slightly altered to fit the spirit of the new collection. The ds-80 is available as both a recliner and small lounge sofa.
