Exklusive Lebenswelten bestehen aus einer Summe von Einzelteilen: Dazu gehören vor allem attraktive Dekorationsobjekte, die das Flair einer Einrichtung bestimmen und durch die immer wieder neue, modische Stimmung entstehen. Deshalb präsentiert de Sede eine trendsetzende Accessoiresammlung: DS-Living. Die interessanten Tische in verschiedenen Grössen, Formen und Materialien bieten sich hervorragend an zur Ergänzung und Abrundung der Einrichtung. Sie setzen wunderschöne Akzente in jedem Wohnambiente.

DS-9060

Design: Claudio Bellini

de Sede now supplies a matching table to round off the DS-717 range of conference and dining chairs and various lounge chairs. The DS-9060 has been specially created by Claudio Bellini for the contract sector. The top, in 15 mm thick safety glass, is available in clear "Optiwhite", a frosted finish or lacquered in black. This is mounted on a detachable metal frame in high-gloss or pearlescent circular chromed tubing 30 mm in diameter. The table comes in a variety of sizes: for dining or conference rooms, it is 72 cm high and can have a glass top 80, 100 or 120 cm in diameter. The couch table has a height of 38 cm and a glass top of 60, 80 or 100 cm diameter. The standard version has a transparent and restrained look. At the customer's request, both the glass top and the frame can be lacquered in any RAL or NCS shade required – with either matching or contrasting colours.
