**RH-305/01**

**RH-305/02**

A chair that has lost none of its elegance and style since it was created in the 1950s. This re-edition of the de Sede icon has a somewhat slimmer upholstered surface, its seat height has been modified slightly and its frame (in high-gloss or smoky chrome finish) adapted to meet new tilt requirements. There is a version with armrests available, too. Otherwise, this Swiss classic remains unchanged.
