

EmmeBi

Collection **TOOLBOX**

Toolbox is a modular container with drawers and/or doors, with castors or hanging, with aluminium numbered handles so you won't forget where you have put your book or your document.

Nice and always modern, Toolbox can be composed in many different combinations, with different finishing and dimensions.

design Pietro Arosio

Finishings :

The external finishing is available in our selected mat lacquered colours and in limited edition in the finish "vintage" oak.

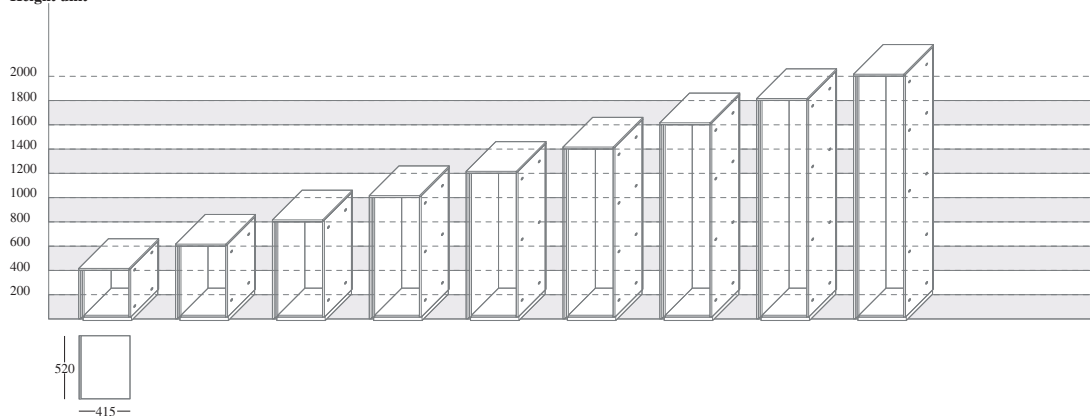

The doors are available also with satined glass.

The finishing of the internal drawer is aluminium colour lacquered metal.

Handle in aluminium with epoxy powder lacquer
