DESIGNER / YEAR OF DESIGN

Henning Larsen, 1975

ABOUT THE DESIGNER

Henning Larsen, renowned as the "Master of Light," was a visionary Danish architect celebrated for his innovative approach to integrating natural light into architectural design. With a career spanning several decades, he founded the Henning Larsen Architects firm, where he crafted iconic structures that harmonise with their surroundings while enhancing the experience of space through light. His commitment to sustainability and thoughtful design has left a lasting impact on the architectural landscape, making him a pivotal figure in contemporary design. Larsen's legacy continues to inspire architects and designers worldwide, reflecting his belief in the transformative power of light in architecture.
