JEKO / COFFEE TABLE, Paola Navone

Family of low coffee tables with a square or rectangular shape in colonial style of exotic inspiration, Jeko 11/14 have legs and a structure made of ECOTEak, a material coming from the reuse of recovered beams and teak elements that have been repaired with recycled wood, assembled and polished to highlight the original veins. They are embellished with a top in white Carrara marble or concrete in the Pearl color, so as to create a product that plays on the visual contrasts of the two different materials.
