PANDA / SOFA,  
Paola Navone

Soft and welcoming shapes and consistent volumes characterise the family of Panda 01/02/03/04 sofas, available in various sizes and depths. They are made with a structure and feet in aluminium and weave in white/grey Panda Resin synthetic polyethylene fibre. Synthetic fibres of the latest generation designed to resist water and light and to maintain over time the technical and chromatic qualities, maintain a very natural and durable appearance. The seats and backrests are enriched with oversized cushions with removable upholstery for accentuated comfort.
