

BCN fixed

Designer Harry&Camila

Research into new furnishing materials has produced the BCN stool. The seat, with its visible curves and ergonomic feel, is in special plastic, generally used as insulation for electronic components, as it is highly resistant to wear and tear, solvents and heat. It is available with a tubular steel frame with chrome finish, or in a colour to match the seat: black, white or fluorescent green.

Metal finish:

Polished chrome steel

Steel with lacquer in a colour to match the seat

Body finish:

White PBT (colour reference "white polypropylene PP01")

Black PBT (colour reference "black polypropylene PP03")

Green PBT (colour reference "fluo green polypropylene PP06")

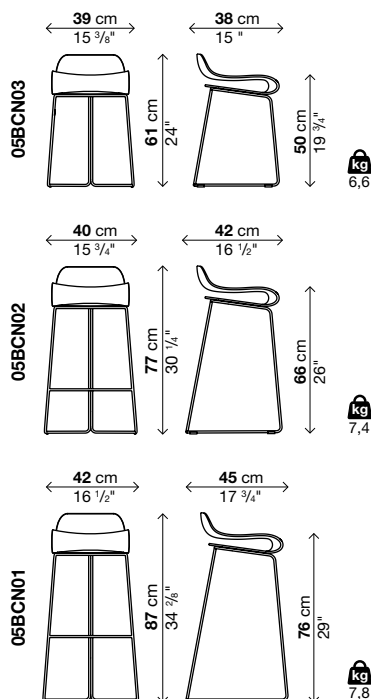

Red coral PBT (colour reference "red coral polypropylene PP07")

Suitable for outdoor use (painted version).

Code	Height (cm.)	Legs	Vol.
05BCN01	76	colour to match the seat polished chrome steel	0.19
05BCN02	66	colour to match the seat polished chrome steel	0.19
05BCN03	50	colour to match the seat polished chrome steel	0.11

1 stool in each package

BCN fixed stool on wooden base

Designer Harry&Camila

A new version is added to the BCN collection, which combines the qualities of such a technological material with the natural warm appeal of lathe-turned beech legs. A unique match, made even more special with rubber feet in the same colour as the seat.

Base finish:

Solid beech

Solid beech lacquered in shade matching the chair

Body finish:

White PBT (colour reference "white polypropylene PP01")

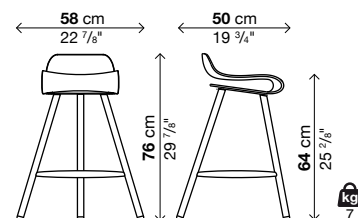

Black PBT (colour reference "black polypropylene PP03")

Green PBT (colour reference "fluo green polypropylene PP06")

Red coral PBT (colour reference "red coral polypropylene PP07")

Code	Base finish	Vol.
05BCN08	beech wood colour to match the seat	0.25

1 stool in each package

BCN height adjustable

Designer Harry&Camila

Two new versions for the BCN stool, featuring a soft curved seat in highly resistant plastic. The frame comes with a single leg on a disc-shaped base or on a 5-spoke base with castors, always with a height-adjustable device. Available in the distinct colours of the BCN collection: white, black and fluo green for the seat, with a matching or chrome-plated frame.

Metal finish:

Polished chrome steel

Steel with lacquer in a colour to match the seat

Body finish:

White PBT (colour reference "white polypropylene PP01")

Black PBT (colour reference "black polypropylene PP03")

Green PBT (colour reference "fluo green polypropylene PP06")

Red coral PBT (colour reference "red coral polypropylene PP07")

With round base

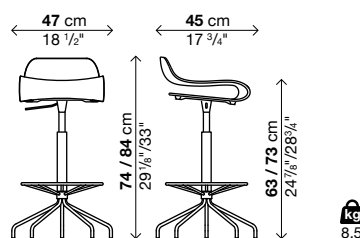

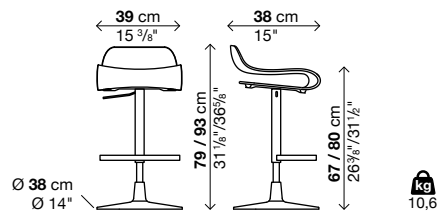

Code	Metal finish	Vol.
