

Sushi Pure-white

Designed by Bartoli Studio

The larger versions of the Sushi table are available with a "Pure-white" finish: entirely white on the surface and along the extremely narrow edge of the top, usually with visible black and aluminium layers. This option enhances the completely minimalist look of these solutions, making them even more surprisingly simple and charmingly elegant.

Leg finish:

Anodised aluminium

Aluminium with white lacquer

Finish of top/extensions:

"Pure-white" laminate (colour reference "White laminate Tuttocolore")

+ It is possible to add a third extension to articles 01SUS07 (increasing the length to 37,5 cm).

☺ Tables that extend to more than 250 cm have a top that slightly bends, which complies with accepted quality standards.
