

**Frame**

Frame in solid wood, suspension with elastic belts covered with indeformable variable-density polyether. Seat cushions made of variable-density polyether.

Concealed feet ( 4 or 6 feet according to size), standard height 5 cm, or 7 cm upon request.

Availability of

- **equipped sectionals to use either as end or corner units.** Frame in solid wood covered in polyether. A cushion to be tilted manually in different positions (either left or right), and a storage compartment in natural anodized aluminium finish.
- backrest cushions of various dims and consistency to meet any comfort requirements.

Equipped sectionals and flanked elements with no arms come with a coupling device. This request must be highlighted by a drawing.

**Cover**

The upholstery covers every part of the sofa and is completely removable.

The underlining (in a synthetic stretch fabric for the frame and in cotton for the cushions) makes cover removing easier and the sofa maintains its good look even when uncovered.

Optional extra covers if required.

The units in leather have, at MDF Italia's discretion, a seam in the middle of the backrest, both in the front and on the back, and on the lower front section.

## SLIDING SOFA with removable cover and height-adjustable backrest (Designer B.Fattorini)

### Frame

Frame in solid wood, suspension with elastic belts covered with indeformable variable-density polyether. Seat cushions made of variable-density polyether.

Backrest in solid wood covered with variable-density polyether. To reach the desired comfort the backrest can be lifted by means of an innovative electrically-controlled mechanism\*. Height-adjustable backrest to 18 cm.

**The push-buttons made from stainless steel, are always in the inner side of the left arm (facing the sofa). In models without arms the push-buttons are placed on the lower side of the base (left side facing the sofa).**

Concealed feet (4 or 6 feet according to size), standard height 5 cm, or 7 cm upon request.

### Availability of

- **equipped sectionals** to use either as end or corner units. Frame in solid wood covered in polyether. A cushion to be tilted manually in different positions

(either left or right), and a storage compartment in natural anodized aluminium finish.

- backrest cushions of various dims and consistency to meet any comfort requirements.

Equipped sectionals and flanked elements with no arms come with a coupling device. This request must be highlighted by a drawing.

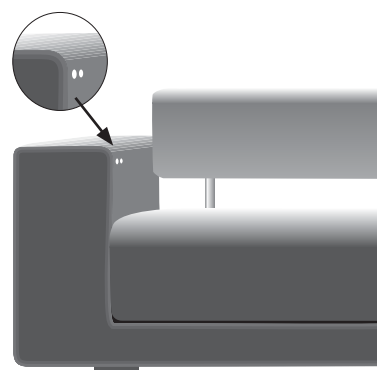

### Cover

The upholstery covers every part of the sofa and is completely removable.

The underlining (in a synthetic stretch fabric for the frame and in cotton for the cushions) makes cover removing easier and the sofa maintains its good look even when uncovered.
