

A modular seating system which offers various configurations for the living space. The peculiar design in the backrest allows variability in depth.

This system provides corner and U-shaped configurations of high functionality.

The sofa is either left or right, with one or two arms.

Frame

The frame of the sofa is in solid wood, suspension with elastic belts covered with indeformable variable-density polyether.

The sofa frame rests on cylindrical small feet in steel, finish: chromium-plated, or in black or white lacquer. Height 15 cm.

Cover

The upholstery covers every part of the sofa and is completely removable.

Optional extra covers if required.

The units in leather have a fixed cover only and, at MDF Italia's discretion, one or more seams according to size.
