DESIGN FLORIAN GROSS

FLORIAN GROSS

Florian Gross lebt und arbeitet in Tübingen. 1982 geboren, schließt er im Jahre 2001 seine Lehre als Möbelschreiner ab und beginnt mit dem Studium zum Innenarchitekt, welches er 2009 erfolgreich abschließt. Seit dem arbeitet er als Innenarchitekt und Designer.

Florian Gross lives and works in Tübingen. Born in 1982, he completed his training as a furniture carpenter in 2001 and began studying interior design before successfully graduating in 2009. Since then he has worked as an interior and product designer.

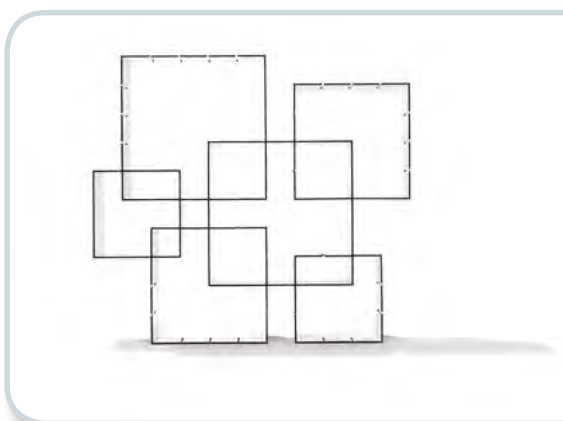

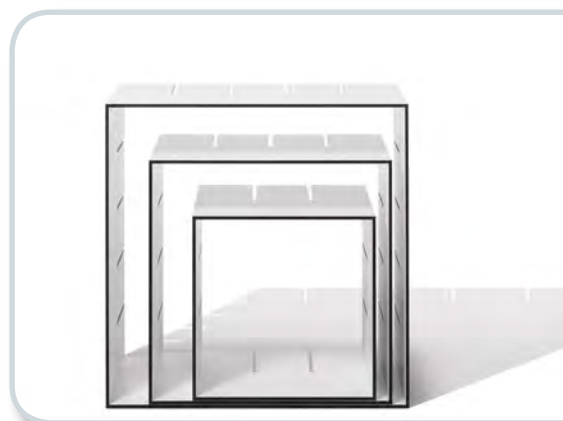

KONNEX HAT VIELE GESICHTER KONNEX HAS MANY FACES

KONNEX richtet sich an Menschen, die Spaß daran haben, ihre Umgebung ständig neu zu gestalten und zu organisieren. Durch dieses innovative neue Stecksystem ist genau dies nun möglich. Ein Grundset, bestehend aus 3 Modulen, kann individuell zu einem Regal angeordnet werden. Zusätzlich können unterschiedlich viele Grundsets zu einer einzigartigen Ablagefläche addiert werden: dazu werden die kammförmigen Einfürasungen rings um einen Kubus in die Seitenwände eines anderen Kubus gesteckt. Das Zusammenstecken ist nach Lust und Anlass variierbar und passt sich so jedem Raum und jeder Situation an.

KONNEX is aimed at people who enjoy constantly redesigning and organising their surroundings. And with this innovative new slot-in system, exactly that is possible. A basic set, comprising three modules, can be individually arranged to form a shelf unit. In addition, different numbers of basic sets can be added to form a unique shelf space: the comb-like slits are inserted into the side walls of another cube to form a large shelving system. The way you decide to piece them together is variable depending on your preference and the occasion and can therefore be adapted to every space and every situation.

	Länge Length	Breite Width	Tiefe Depth
kleine Box / small box	312	312	312 / 200
mittlere Box / medium box	414	414	312 / 200
große Box / large box	516	516	312 / 200
