RS#2

by *RAFAEL RODRÍGUEZ*

DESCRIPTION:

Yes, RS#2 is a football table. A spectacular reinterpretation of one of our cultural classics. It's made in high-quality materials, such as steel with a polyester paint finish. Or like weather resistant stainless steel (model RS#2 Inox). And it's the details what make the difference, such as the rubber-soled levellers, or the ashtrays and glass-holders for the four players.

The layout of the players and choice of team colours is 100% customizable. And now you can choose if you want boys or **Ella**, the first female football table player.

MATERIALS:

Structure: Steel painted in smooth finish polyester paint. Stainless steel (RS#2 Inox model).

ACCESSORIES:

Protective cover for the outdoor stainless steel version (RS#2 Inox).
