Information The round ceiling cup includes an additional ring, which enables leading the cable along the ceiling into the ceiling cup. The additional ring can also be used to cover a larger ceiling socket.

Any extra length of the cable can be swirled into the ceiling cup when altering the hanging height of the pendant.

The round ceiling cup is a part of the cable set which includes also the lamp base, a textile cable, a suspension screw and a ceiling plug or terminal block.

The round ceiling cup is used with the models Atto 5000 and Aspiro 8000.

Please check the separate ceiling cup instruction leaflet for more details and installation instructions.

Please notice that humidity can change the spiral's tightness.

The balance of the spiral can be altered by moving the metal weight on the ring.

The lamp can be dimmed (to 70%, 30% and 15%) by clicking the wall switch.

The cable and the built-in LEDs can only be replaced by the manufacturer or an authorized service agent.
