Den Glasschirm beim Anbringen nicht zu hoch über die Gummilippe stülpen, da sonst der Glas- bzw. Aluminiumkegel den weißen Reflektor beschädigt!

**GB** When mounting the glass shade be careful not to upend it too far over the sealing lip. Otherwise the glass or aluminium cone might damage the white reflector.

**F** Lors de la pose de l'abat-jour en verre, veiller à ne pas trop le remonter au-dessus du joint en caoutchouc, car sinon, le cône en verre ou en aluminium endommagerait le réflecteur blanc.

**I** Nel montarlo, non posizionare il paralume di vetro troppo in alto sul labbro di gomma, altrimenti la sfera di vetro o di alluminio potrebbe danneggiare il riflettore bianco.
