

SERRALUNGA

Design: Paolo Rizzatto - 2000

EUFRONIO

Reversible flowerpot holders with double usage (it can be indifferently on both bases of various dimensions with a flared or tapered effect), appropriate for large and outdoor settings. A fluted surface with a classic comeback of the column for a flowerpot with contemporary shapes and functions. Depending which situation, its versatile usability contradicts its severe shape.

Ø 74(61) x h 126 cm. Ø 50(40) x h 126 cm.
