VIPP270
BREADBOX

DESIGNER

Vipp Design Lab, 2010

COUNTRY OF ORIGIN

Design: Denmark
Production and assembly: PRC

PRODUCT DESCRIPTION

The construction in stainless and pow-der-coated steel, rubber and a 100% cotton liner, the Vipp breadbox matches the rest of the product family. The liner is fitted on a rubber ring for optimal insulation and easy cleaning, which together with the small ventilation holes ensure optimal storage of bread products. The lid in brushed steel is equipped with a rubber handle. The rubber ring at the base protects surfaces just as the ridges inside the base of the box ensure ventilation under the bread.

CARE INSTRUCTIONS

Stainless steel surfaces should be cleaned and polished with a microfiber cloth, glass cleaner or other non-abrasive and gentle cleaning agents.
Lacquered surfaces should be cleaned with a moist cloth.
Rubber parts should be cleaned with a moist cloth. Apply silicone spray for better finish.
Special Vipp bin liners can be purchased separately. Find your nearest dealer at www.vipp.com.
Vipp products with dark surfaces should be cleaned with a soft brush and, if stained, with a bit of water. Then wipe with dry cloth.

WARRANTY

2 years warranty. The warranty pre supposes rightful use as described in Vipps care instructions, with reservations for normal wear and tear. Please see Vipps care instructions below or at www.vipp.com

VIPP270
BREADBOX

MATERIALS

Lid: polished stainless steel (AiSi 304)

Handle: Rubber

Body: Powder coated electro galvanized steel

Liner: Rubber, 100% cotton

Base: Rubber

MANUFACTURING

Lid: Pressed, stamped, rolled and polished

Body: Deep drawn, pressed and rolled

DIMENSIONS & WEIGHT

Capacity: 11,8 litres

Height: 18 cm

Width: 22 cm

Length: 41 cm

Weight: 2,75 Kg

VERSIONS

Black (CWS 85609 Schwarz metallic)

White (CWS 9898849 RAL 9016)

Limited (NCS S0580Y90R)

PRODUCT CERTIFICATION

Inner bag:
food approved, washable

PACKAGING/FSC

Brown cardboard box:
46 cm x 26 cm x 22 cm
