

Squat stool / bench

Design André Schelbach

Squat is the perfect addition to the desks and secretaries in the Yomei collection. A small but comfortable stool that with its straightforward design and stainless steel base is a perfect companion for Magic Desk, Smart Desk and also for the Magic Cube Dress. On all these products the Squat stool can be hidden elegant and compact under the furniture and simply pulled out when needed. But even as an individual unit both, the squat stool as well as the squat bench, make a good impression. As a bedroom furniture in front of a bed or as a seat in a dining room, Squat is very versatile. With a seat height of 46 cm the stool is available in a width of 50 cm and the bench is available in a width of 140 and 160 cm. Customized sizes are also available. The seat pad is covered with leather or micro leather.

The seat pad of the SQUAT stool / bench is available in following colours:
